WE’VE GOT INNOVATION IN THE BAG.
Rather than presume we know what it’s like to live with a stoma, we spoke to our consumers and nurses.

Thanks to you, we’ve created a 2-piece bag in a class of its own, with three unique innovations to answer your unmet needs.

1. **Purple guiding ring**
   is a bright visual aid to help locate the ring and tabs, making it easier and quicker to change the bag. (It’s our favourite colour too!)

2. **skinsmart™ hydrocolloid for longer-life wear**
   gives you instant tack, extended weartime and added security where it is needed most.

3. ‘**Peel down’ action**
   when changing the bag gives you maximum control meaning less chance of spillage and an all-round quicker bag change.
But we didn’t stop there. You inspired us to improve all the other things you expect in a bag.

1  Added Security
   • An extremely secure coupling sealed with an audible ‘CLICK’ for extra peace of mind.
   • A ‘PEEL DOWN’ action when changing the bag giving you more control and minimising the chance of leakages.
   • skinsmart® hydrocolloid for longer-life wear

2  Greater Speed & Ease
   • ‘POP UP’ opaque base plate allows you to easily tuck your fingers underneath to secure the coupling, meaning less pressure on your abdomen.
   • Purple guiding ring to help you easily and quickly locate ring and tabs.
   • Bag can be fitted at any angle as there’s no need to line up tabs, meaning a much quicker, easier application.

3  Increased Comfort & Flexibility
   • Foam backed base plate for extra comfort.
   • 6-fluted base plate adapts to any body shape.
   • skinsmart® hydrocolloid for longer-life wear
And what’s more, our NEW skinsmart™ hydrocolloid for longer-life wear not only outperforms all others in user trials* but it also has three unique qualities we thought you should know about:

1. **Instant Tack** due to our unique formulation which makes the skinsmart™ hydrocolloid adhere instantly to your skin. This allows you to get on with your bag change (and your day!) more quickly.

2. **Extended Weartime** thanks to the superior adhesive properties of the skinsmart™ hydrocolloid for longer-life wear. This means it will adhere for longer, even under the most challenging conditions.

3. **Superior Security & Comfort** owing to its exceptionally strong adherence, flexibility and kindness to skin.

*Data on file
WE’VE GOT INNOVATION IN THE BAG...

Opaque ‘POP UP’ base plate relieves downward pressure on the abdomen when changing the bag whilst also making the base plate more flexible and comfortable.

Purple guiding ring to locate the ring and tabs, making it easier & quicker to change the bag.

An extremely secure coupling sealed with an audible ‘CLICK’. In addition, it will ‘CLICK’ at any angle for ease and comfort so there is no wrong way to attach.

High Performance Filter reduces embarrassing ballooning and pancaking.

Soft water-repellent pouch fabric for extra comfort with split back for easy viewing.

A ‘PEEL DOWN’ action when changing the bag gives you more control meaning increased security, less spillage and an all-round quicker bag change.

Available in Closed & Drainable.
...AND THE BASE PLATE

- **Foam backed base plate** for extra comfort.
- **6-fluted base plate** to adapt to individual body shape for extra flexibility and security.
- **Large thumb tab** for ease of use.
- **skinsmart™ hydrocolloid** for longer-life wear gives you instant tack, extended wear time and enhanced security.
- The **new oval shaped** hydrocolloid provides security where it is needed most.
Now for the numbers. Here’s how to order.
